JUNIOR SALOON CAR CHAMPIONSHIP

About Me

Motorsport is in my blood...So, flashback to the early 2000's when my Mum and Dad met through Motorsport. Being at the race track with them, the petrol and motorsport bug cemented itself at an early age!

Both my Parents and my Gramps raced, so now it's my turn!

I have no previous experience in karting or cars so this is going to be a big learning curve for me, especially up against other competitors who have karded since the age of 6! But I have an ace up my sleeve, my older Brother, Harry Smith, has raced and continues to race in the JSCC. With a couple of seasons of experience under his belt, we know how the car works and what we need to do, to get a great result!

This will be my first season of racing with the JSCC and I am looking for companies to join me on my journey. I always give 110% in anything I set my mind to, and racing cars will be no different. With my family and sponsors around me, it's definitely going to be an exciting season!

What can we can offer you?

I currently race with the JSCC, the biggest Junior race car series in the UK. With this, constant social media interaction is a standard thing. As we are on the BARC programme, our races are frequently shown "live" via their facebook channels as well as Youtube, for all to see.

Then we get to my car, the biggest billboard of all. Your brand can be present on my car for the full season and we can even give you complimentary tickets to selected races, to get you up close to the action!

My race overalls are a blank canvas, again, we are able to add your branding to them.

We would love to bring your company to new people and to that end, we would love to talk further with you and create a bespoke partner package to suit you.
